**EMPOWERMENT . INCLUSION . AUTONOMY**

# Outpatient Department (OPD)

Our advanced OPD at DeepRanjani Foundation has accessible facilities, expert doctors and experienced therapists to offer treatment and therapeutic interventions to children of all ages, adolescents and adults with neuro-developmental disabilities as well as general patients.

## Tailored Therapies and Allied Medical Services

### Children Below 12

**Need:** Early identification & intervention for developmental delays, learning difficulties, or behavioural challenges.

**Benefits:** Promotes optimal development, improves communication, and enhances social skills.

### Adolescents

**Need:** Addressing academic struggles, social anxieties, emotional challenges, and self-discovery.

**Benefits:** Develop coping mechanisms, build confidence, and navigate the complexities of adolescence.

### Adults

**Need:** Managing mental health concerns, coping with chronic conditions, or improving daily living skills.

**Benefits:** Enhance independence, improve well-being, and achieve personal goals.

#### Occupational Therapy

Helps individuals overcome physical, sensory, or cognitive problems and develop life skills.

#### Speech and Communication Therapy

Evaluates and treats speech, language and communication disorders.

#### Doctor Consultation

provides general health assessments, diagnoses illnesses and prescribes treatment and medications.

#### Physiotherapy

Improves movement, function and manages pain through physical therapy techniques.

#### Psychological Assessment and Diagnosis

Evaluates mental health conditions and provides diagnostic insights.

#### Counselling and Psychotherapy

Provides support and therapy to address emotional and psychological issues.
